

Next Level Skills Camp

The Next Level offers boys basketball players a chance to tune up their basketball skills for the spring seasons including AAU, traveling teams and school events.

These three days will be 100% focused on offensive skills including

- Catch and shoot
- Dribble penetration
- Coming off of screens
- Reading defenses

This is a high intensity hands on program that is designed for boys basketball players that enjoy the game and want to make significant improvements to their skill level. Participants will have played the game previously, understand the basic concepts, and now want to learn more about what is expected at the next level.

All players will work directly with our coaches and we guarantee a low player to coach ratio. Players will leave with an understanding of how to better execute their offensive skills and receive a Skills Packet to help them with further development.
